

Business case India

Partner	Masibus, India
Customer	Gland Pharma
Industry	Pharma industries
Application	Autoclave Temperature measurement
Used transmitter	IPAQ-R330

Description Gland pharma is pharmaceutical company .

Autoclave need the special transmitter to monitor the temperature as the application is very critical. Low drift of INOR Transmitter (over 5 years is the maximum of $\pm 0.1^{\circ}\text{C}$) helped to fulfill their requirement.
